Gender Pay Report 2023

GENDER PAY REPORTING OVERVIEW

Foreword from Natalie Smith, FBD Hotels & Resorts Head of People

As part of the FBD Hotels & Resorts group, Faithlegg Hotel and Golf operates as an equal opportunity employer, we have a diversity and inclusion policy in place, and we are committed to equality for all.

We will use this report to ensure we lower the pay gap between male and female employees across our business. Through a culture of Commitment, Consistency, Loyalty, People, Innovation, Teamwork and Ambition we encourage continuous growth for each and every member of our team.

Our HR strategy will work towards improving our gender pay gap each year.

The Gender Pay Gap Information Act 2021 requires organisations to report on their hourly gender pay gap across a range of metrics.

The following data has been calculated based on the Regulations. The Regulations can be accessed at the following link:

What is definition of gender pay gap?

The gender pay gap refers to the difference between what is earned on average by women and men based on average gross hourly earnings of all paid employees – not just men and women doing the same job, or with the same experience or working pattern.

Which employee base does this include?

All employees in Faithlegg Hotel and Golf
